

Elaheh Jaber

Industrial Designer

Location: Toronto, Ontario
Email: Elahe.jaberi@gmail.com
Website: www.elajaberi.com
Phone: +1 647 990 2989

Industrial designer with experience in **furniture design**, **product development**, and **manufacturing environments**, supporting projects from initial concept through production and installation. Skilled in developing furniture solutions, preparing **technical and shop drawings**, **3D modeling**, and translating design concepts into practical, production-ready outcomes.

Detail-oriented design professional and project lead with experience guiding design projects from concept to final production, combining creative thinking with technical expertise to deliver high-quality, user-centered design outcomes.

Collaborative communicator and cross-functional team partner who works effectively with design teams, stakeholders, and clients, managing multiple projects while maintaining high standards of design quality, consistency, and meeting critical deadlines.

Key Skills

Time Management	Shop Drawing	Collaboration
Critical Thinking	Creativity	3D Modeling
Creative Problem Solving	Continuous Learning	Prototyping
Furniture & Product Design	Quality Control	Materials & Manufacturing Processes

Professional Experience

Crate and barrel, Toronto, Canada Oct 2023 – Mar 2025 / May 2026 - Current

Designer

Provided design consultations to help clients select furniture and develop functional interior solutions based on their space, needs, and aesthetic preferences.

- Developed furniture layouts, mood boards, and 2D/3D floor plans to communicate design solutions to clients.
- Applied knowledge of furniture dimensions, materials, construction, and product features to recommend suitable solutions.

Designing Department Manager, Senior Industrial Designer

Led the design department responsible for developing furniture concepts and technical drawings while coordinating with production teams to ensure quality manufacturing and efficient installations. Managed the design team and contributed as the company's graphic designer for marketing and promotional materials.

- Directed furniture design projects from concept to production, preparing detailed shop drawings.
- Managed a team of four designers and coordinated with production and clients.
- Reviewed designs and managed timelines to ensure accuracy and meet deadlines.

Pardis Ceram Pazzh, Mashhad, Iran

Mar 2019 – Jun 2020

Senior Graphic Designer

Designed tile and ceramic patterns aligned with customer needs and market trends while collaborating with the design team to develop production-ready visuals.

- Created a library of ~1,000 ceramic pattern vectors using AutoCAD and Adobe Illustrator.
- Converted low-resolution legacy patterns into high-resolution vectors for production use.
- Collaborated with design and production teams to ensure design accuracy and quality.

Homa Hotel / Jahan Hotel, Mashhad, Iran

Feb 2016 – Nov 2018

Woodwork Quality Inspector

Oversaw quality inspection of wooden decorative elements and installations to ensure compliance with design drawings, production standards, and client requirements.

- Applied design expertise and problem-solving skills during installation, recommending improvements or redesigning elements when necessary.
- Developed inspection checklists to identify defects and improve quality control.

Arjan Design Company, Mashhad, Iran

Aug 2010 – Oct 2013

Interior Designer

Designed interior spaces and furniture concepts for residential and commercial projects, focusing on user-centered design and functional solutions tailored to client needs.

- Developed interior layouts and furniture designs for residential and commercial projects using AutoCAD and 3ds Max.
 - Developed visual presentations, catalogs, and graphic materials to communicate design concepts and support project proposals.
-

Master of Design (Thes) in Art and Design, Industrial Design (4.0 GPA)

Imam Reza University, Mashhad, Iran, 2010 - 2013

M.S. in Printing & Publication Management (17.03 / 20.00 GPA)

Azad University, Mashhad, Iran, 2006 - 2010

B.S. in Industrial Design (16.80 / 20.00 GPA)

Teaching Assistant Experiences

University of Alberta, Edmonton, Alberta, Sept 2022 – Dec 2023

- Courses:
DES 300 X01- Foundations of Industrial Design I
DES 302 X01 - Introduction to Visual Presentation I
DES 139 B1 - Design Fundamentals II
DES 303 X50 - Intro to Visual Presentation II
DES 135 - Design Fundamentals
DES 403 - Furniture Design Principles & Practices I
-

Teaching Experiences

University of Alberta, Edmonton, Alberta, Jan 2024 – Apr 2025

- Course:
DES 135 - Design Fundamentals

Sama Technical and Vocational Training College, Mashhad, Iran, Jan 2019 – Apr 2020

- Course:
Environmental Graphic Design

Kavian Institute of Higher Education, Mashhad, Iran, Sept 2018 –Dec 2019

- Courses:
Environmental Graphic Design
Packaging

Ferdows Institute of Higher Education, Mashhad, Iran, Sept 2015 – Apr 2020

- Courses:
3ds Max software
Descriptive Geometry

University of Applied Sciences, Farhang and Honar 2, Mashhad, Iran, Sept 2014– Apr 2017

- Courses:
AutoCAD software
3ds Max software

University of Applied Sciences, Mashhad Municipality, Mashhad, Iran, Jan 2015– Dec 2018

- Courses:
AutoCAD software
rules and arrangement of furniture

Technical Skills

Adobe Photoshop	Adobe Illustrator	3Ds Max
Adobe InDesign	AutoCAD	Figma
WordPress	Microsoft Office	Adobe After Effects
